To set scheduled date:
1. Turn the ignition switch ON.
2. Select the DAYS mode.
3. Press the left control button (1) for more than 2 seconds. The display will be set in the adjustment mode with the year display flashing.

(1) Left control button
(2) Right control button

4. To set the year, press the right control button (2) until the desired year appears.
   • Quick setting — press and hold the right control button until the desired year appears.
   • If setting "--" while adjusting year, scheduled date is not set.
5. Press the left control button when the display reaches the desired year. The month display will be flashing.
