

NOTE: Before riding, make sure that the rear brake is released completely and does not drag.

WARNING: Do not blip the throttle (open and close it rapidly) as the motorcycle will move forward suddenly, causing possible loss of control.

3. To accelerate, open the throttle (1) gradually; to decelerate, close the throttle.

WARNING: The motorcycle is equipped with an automatic clutch which engages as engine speed is increased.

NOTA: Antes de conducir, cerciorarse de que el freno trasero esté liberado y no haya rozamientos.

ADVERTENCIA: No abrir y cerrar rápidamente el acelerador ya que la motocicleta se moverá repentinamente hacia adelante pudiendo causar la pérdida del control.

3. Para acelerar, abrir lentamente el acelerador (1). Para desacelerar, cerrar el acelerador.

ADVERTENCIA: La motocicleta está equipada con un embraque automático que se acopla al aumentar la velocidad del motor.
