

You should replace the tires with tires of the same size, load range, and speed rating as the originals.

▲ WARNING

Installing improper tires on your scooter can affect handling and stability. This can cause a crash in which you can be seriously hurt or killed.

Always use the size and type of tires recommended in this owner's manual.

The recommended tires for your scooter are:

front	90/90-10 50J IRC MB65
rear	90/90-10 50J IRC MB65
type	bias-ply, tubeless
