

## **BRAKE PAD WEAR**

Refer to the Safety Precautions on page 110.

Brake pad wear depends upon the severity of usage, the type of riding, and road conditions. (Generally, the pads will wear faster on wet and dirty roads.)

Inspect the pads at each regular maintenance interval (page 113).

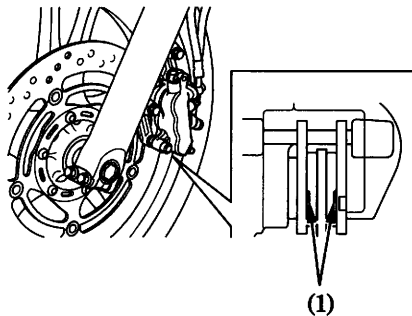

### **Front Brake**

Always inspect each pad in both right and left brake calipers.

Check the cutout (1) in each pad.

If either pad is worn to the cutout, replace both pads as a set. See your Honda dealer for this service.

Illustration shows left side, right side similar.
