

MAINTENANCE SCHEDULE

The mileage intervals shown in the MAINTENANCE SCHEDULE are intended as a guide for establishing regular maintenance and lubrication periods for your Honda. Sustained severe or high speed riding under adverse conditions may necessitate more frequent servicing. To determine specific recommendations for conditions under which you use your motorcycle,

consult your authorized Honda dealer. Especially when your Honda SL-125 has been turned over or involved in an accident, have your Honda dealer carefully inspected the major components e.g. frame, suspension and steering parts for misalignment or damage to insure further safe operation
