

Brake Pad Wear

Refer to *Safety Precautions* on page 129.

Brake pad wear will depend upon the severity of usage and riding conditions. The pads will wear faster in wet or muddy conditions. Inspect the pads visually during all regular service intervals to determine the pad wear.

REAR

(1) wear indicator

(2) edge of reference mark

Check the wear indicator. If the wear indicator (1) aligns with the reference mark (2), replace both pads as a set, see your Honda dealer for this service.
