

5. Push and hold the odometer/tripmeter/digital clock select and reset button for more than 2 seconds. The minute display will start flashing.

6. To set the minute, push the odometer/tripmeter/digital clock select and reset button until the desired minute. The minute display will return to "00" when "60" is reached without affecting the hour display.

- The time advances by one minute, each time the button is pushed.
