

Introduction

Congratulations on choosing an XR100R off-road motorcycle.

When you own a Honda, you're part of a worldwide family of satisfied customers — people who appreciate Honda's reputation for building quality into every product.

Your Honda was designed as a recreational motorcycle for off-road use by one rider only. It's an ideal bike for younger, beginning riders, but one that is also suitable for many adult riders.

To get the best performance and longest life from your Honda, give special attention to maintenance. That's why you need to inspect your motorcycle carefully before every ride

and perform all recommended maintenance. When you need special service, repairs, or assistance, your Honda dealer has the know-how and commitment to keep your motorcycle going strong. To protect your engine, follow the break-in procedures.

Whenever you ride, tread lightly. By staying on established trails and riding only in approved areas, you help protect the environment and keep off-road riding areas open for the future.
