

CAUTION:

- * Handle brake fluid with care because it can damage paint and instrument.
- * When adding brake fluid, be sure the reservoir is horizontal before the cap is removed or brake fluid may spill out.
- * Use only DOT 4 brake fluid from a sealed container.
- * Never allow contaminants such as dirt or water to enter the brake fluid reservoir.

Front brake lever adjuster:

The front brake lever adjuster has two positions. To increase free play, align the mark “●” with the arrow on the brake lever bracket. To decrease free play, align the mark “● ●” with the arrow.

▲ WARNING

- * Do not leave the adjuster between the two positions.

Other Checks:

Make sure there are no fluid leaks. Check for deterioration or cracks in the hose and fittings.
