

Gauges, Indicators & Displays

6. To set the minute, push the RESET button until the desired minute is displayed. The minute display will return to “00” when “60” is reached without affecting the hour display.
- The time advances by one minute, each time the button is pushed.
 - Quick setting—push and hold the RESET button until the desired minute appears.

7. To end the adjustment and proceed to change the speed and mileage unit (page 34), push the SET button.
- To end the adjustment, push and hold both the SET and RESET button for more than 2 seconds or turn the ignition switch OFF.

The display will stop flashing automatically and the adjustment will be cancelled if the button is not pressed for about 30 seconds.
