

3 Changing the speed and mileage unit:

- 1 Press **SEL** button to select either "mph" and "mile" or "km/h" and "km".

USA model

When selecting the "mph" and "mile", the fuel mileage unit shows only "mile/gal" and the unit of the fuel consumption is changed to "gal".

Canada model

When selecting the "mph" and "mile", the fuel mileage unit can be selected "mile/L" or "mile/gal".

- 2 When selecting the "mph" and "mile" in USA model

Press **SET** button. The speed and mileage unit is set, and then the display moves to the ordinary display.

When selecting the "km/h" and "km" in all models or "mph" and "mile" in Canada model

Press **SET** button. The speed and mileage unit is set, and then the display moves to the changing the fuel mileage meter unit.
