

## You & the Environment

3. Remove both left and right saddlebag guard covers by removing the clips to expose the saddlebag guards.
4. Secure the motorcycle using a buckle or ratchet style tie-down strap to the saddlebag guards and affix the other ends to an anchor point.
  - ▶ Make sure the tie-downs straps are tight and the motorcycle is secure.

## You & the Environment

Owning and riding a motorcycle can be enjoyable, but you must do your part to protect the environment.

### Choose Sensible Cleaners

Use a biodegradable detergent when you wash your motorcycle. Avoid aerosol spray cleaners that contain chlorofluorocarbons (CFCs) which damage the atmosphere's protective ozone layer.

### Recycle Wastes

Put oil and other toxic wastes in approved containers and take them to a recycling center.

Call your local or state office of public works or environmental services to find a recycling center in your area, and to get instructions on how to dispose of non-recyclable wastes. Do not place used engine oil in the trash, or pour it down a drain or on the ground. Used oil, gasoline, coolant, and cleaning solvents contain poisons that can hurt refuse workers and contaminate drinking water, lakes, rivers, and oceans.
