

Indicators & Displays

Digital Clock

The digital clock shows the hour and minutes with the 12-hour clock display.

To set the time:

1. Turn the ignition switch to ON (q).
2. Change the hourmeter display (page 29).
3. Press and hold the SEL/SET switch. The clock will start blinking.
4. Press and hold the SEL/SET switch until the desired time appears.
5. To complete setting the clock, press the SEL/SET switch, or turn the ignition switch OFF (w).
