## Air Cleaner

## **Cleaning Sub Air Cleaner**

- 1. Remove the front hood (page 137).
- 2. Open the sub air cleaner housing cover.
- 3. Pull the sub air cleaner out.
- 4. If there is any dirt or foreign object attached to the sub air cleaner, clean it by tapping it. If it is damaged or deteriorated, see your dealer for replacement.
- 5. Install the sub air cleaner.
- 6. Close the sub air cleaner housing cover.
- 7. Install the front hood.

## **UNDER FRONT HOOD**
