

Pre-ride Inspection

To ensure safety, it is your responsibility to perform a pre-ride inspection and make sure that any problem you find is corrected. A pre-ride inspection is a must, not only for safety, but because having a breakdown, or even a flat tire, can be a major inconvenience.

Check the following items before you get on your motorcycle:

- Fuel level-Fill fuel tank when necessary. ➔ P. 27
- Throttle-Check for smooth opening and full closing in all steering positions. ➔ P. 74
- Engine oil level-Add engine oil if necessary. Check for leaks. ➔ P. 54
